Description

CHANGELOG:

[CORE]
- Removed the Update System message on console on every round ending, to avoid spam.
- Admins Chat will now ignore whenever a player starts typing with ! or / to avoid SourceMod issues.
- Fixed error on the default advert that advertises SAM, not writing the version correctly.

[TEAMS MANAGER]
- Improved 'Teams Swap' function code.
- Improved 'Teams Scramble' function code.
- Fixed Scramble Teams option not working also on bots, giving a chance of server crash.
- Fixed Scramble Teams option not splitting teams evenly.
- Fixed small bug on Adverts addon on writing the default adverts.
